Subject: West Lake Landfill: Final ASPECT report available

All of the remaining issues with this document identified at our last review meeting on Tuesday, April 30th have been addressed. Audrey, Chuck, Jaci and I have been through it very carefully for formatting and consistency. I accepted all changes in the document, deleted all "balloon" comments and saved the document on the H: drive as "West Lake Landfill ASPECT Report FINAL.docx".

We need to plan the next steps for briefing Karl, creating a press release, and releasing the document.
